

## Use of Artificial Intelligence

### I. Purpose

The purpose of this policy is to establish Dyersburg State Community College requirements for the responsible use of artificial intelligence (AI), including Generative AI, by employees and students.

### II. Scope

This policy applies to all faculty, staff and students using AI tools for educational, instructional, and/or business purposes.

### III. Policy

Dyersburg State Community College will adhere to the Tennessee Board of Regents (TBR) Policy [1.08.10.00 Use of Artificial Intelligence](#) in regard to the responsible use of AI tools. The TBR policy is incorporated into this policy by reference herein.

### IV. Compliance

All students, faculty and staff engaging in the use of AI software and tools must adhere to this policy. Failure to comply with this policy or TBR Policy 1.08.10.00 may result in restriction or revocation of access to College information technology resources and other appropriate action. Students may be subject to discipline under the DSCC Student Conduct Policy and applicable academic procedures. Employees may be subject to corrective or disciplinary action, up to and including termination of employment.

### V. Definitions

Refer to [TBR Policy 1.08.10.00](#) for related definitions

### VI. Revision History

Policy written 09/10/2026 by Josh Duggin, VP for IT and Facilities Management.  
Policy approved by Administrative Council on 09/24/2026.
